

A Parklands trophy rainbow.

A Typical Day

Course participants rise early to enjoy coffee and a hearty breakfast. After packing their lunch, they are on the water by 10 a.m. and fish until late afternoon. They head back to the accommodation to relax, debrief and have supper. After supper, they enjoy a seminar and plan the following day.

Each day includes a seminar and one on one instruction on the water.

...including

- how to approach a new lake
- lake entomology
- strike indicator techniques
- leader construction & knots
- retrieves and casting techniques
- understanding bathometric maps
- choosing the right fly line

Questions and Answers

Do I need to bring bedding?

Sleeping arrangements are a combination of futons, bunk beds and double beds. Some bedding is supplied. If you can, bring a sleeping bag and pillow. Towels are provided.

Do I need to bring food? All food is supplied including snacks, non-alcoholic beverages, and meals. You may want to bring any extras you feel will be necessary. There are no stores close by. We are in a rural area and the stores are 90 minutes return with very limited hours.

What rods should I bring? We recommend two rods, 6 or 7 weight.

What lines should I bring? We recommend a floating line, a clear intermediate and a type 3 sinking line

Do I need a boat? Yes you will need a flotation device. If you do not have access to one, please advise one of the hosts *prior* to the trip. You will also need to bring waders.

What flies should I bring? Bring your stillwater fly box. They will work. Local fly patterns also be available for sale.
